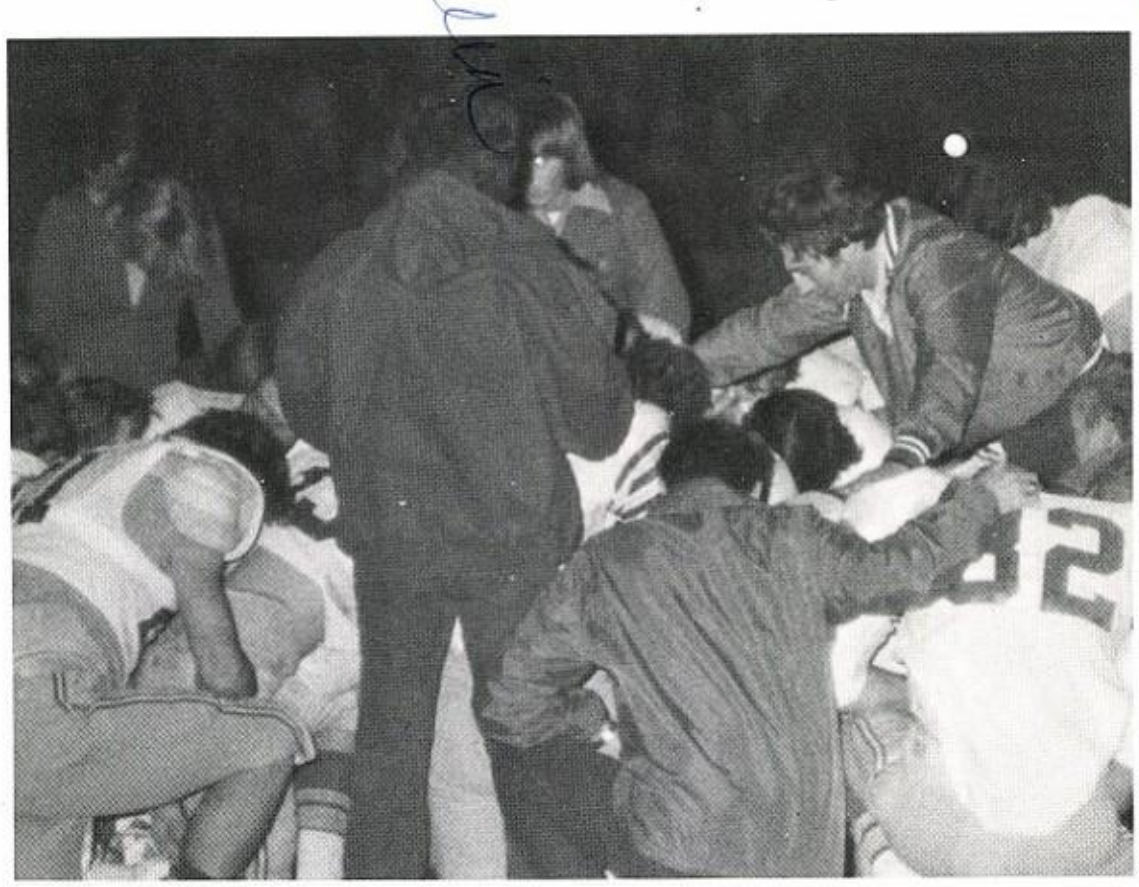
State of Mind

If you THINK you are beaten, you are.
If you THINK you dare not, you don't.

If you like to win, but you THINK you can't,
It is almost certain you won't.

If you THINK you'll lose, you're lost.



For out in the world we find,

Success begins with a fellows will.

It's all in the STATE OF MIND.

If you THINK you are out classed, you are.

You've got to THINK HIGH TO RISE.

You've got to be SURE OF YOURSELF before
you can ever win a prize

"Life's battles don't always go
To the stronger or faster man,

But sooner or later the man who wins
Is the man WHO THINKS HE CAN!"

Author Unknown

I have seen new faces,
Gained new friendships,
I have watched these
faces and friends,
grow and change and I
wonder—
How much more
will they change?
How much more will
I change?

If worse
comes to
worse—
I've got

Graduation

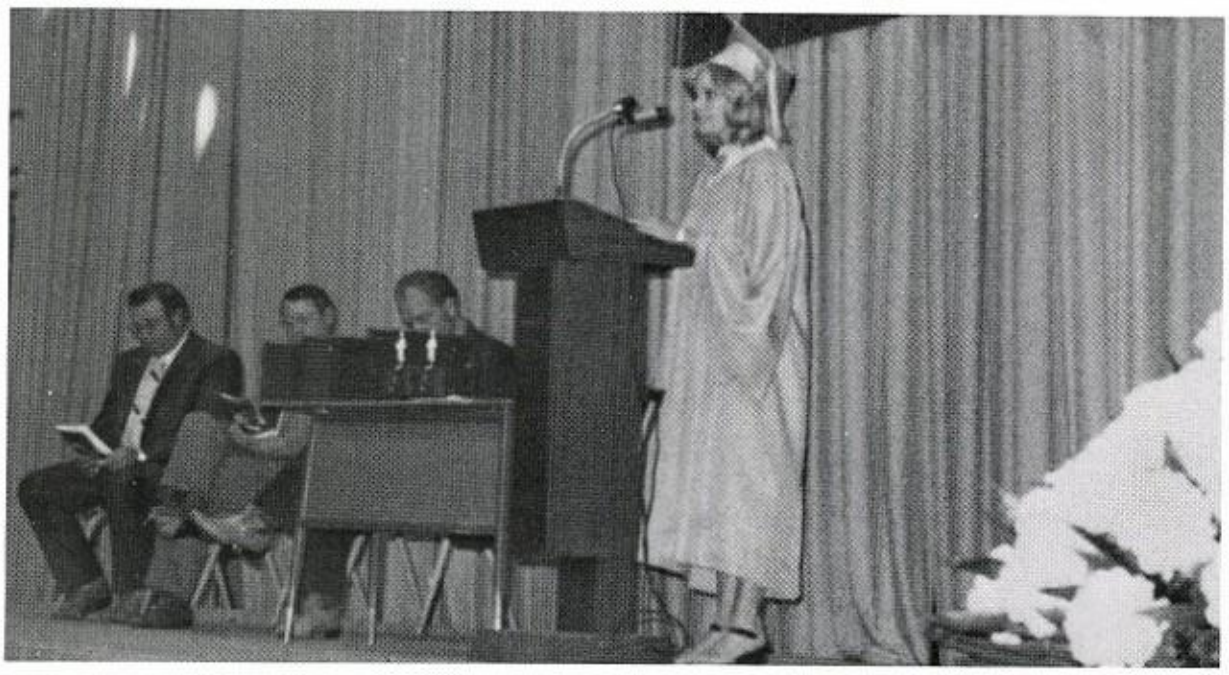
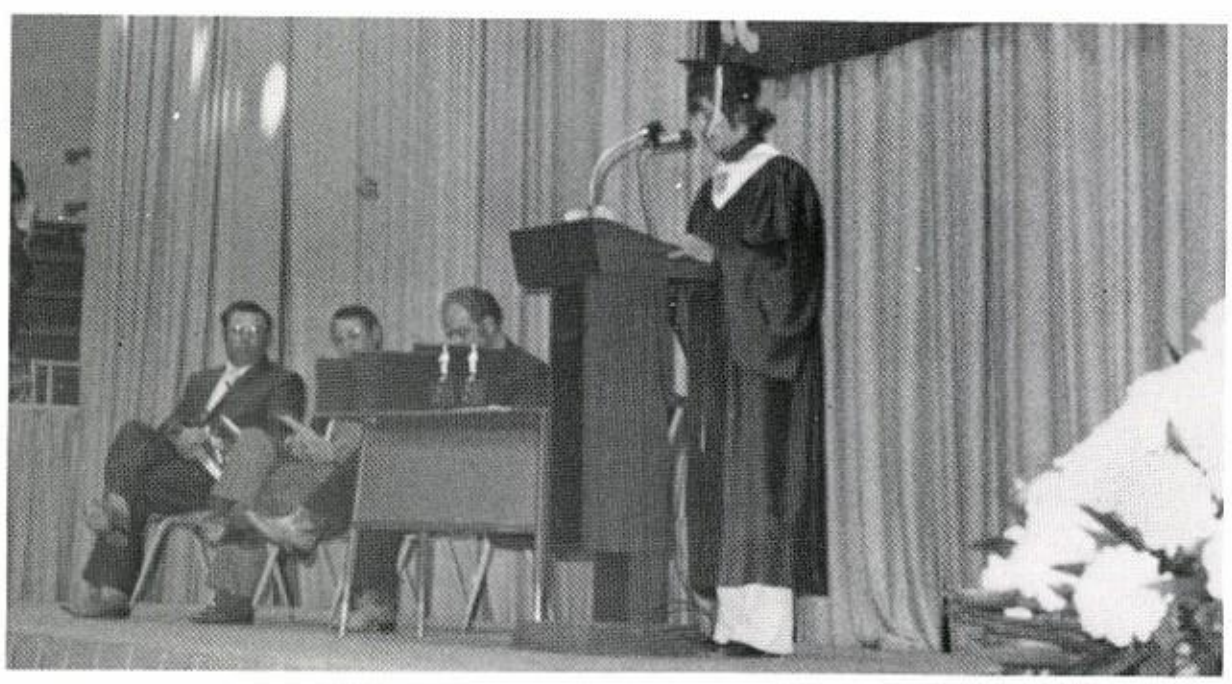
The commencement exercises began with the invocation given by Clark Agnew, President of the Senior Class.

The 1976 graduates of New Deal High had much success and happiness in making it to the place they are now in life.



As the Salutatorian (Joanna Harkey) of the graduating class speaks, it marks the ending of a life span and the beginning of another.

With these people and others, they had help and ambitious goals to strive for.

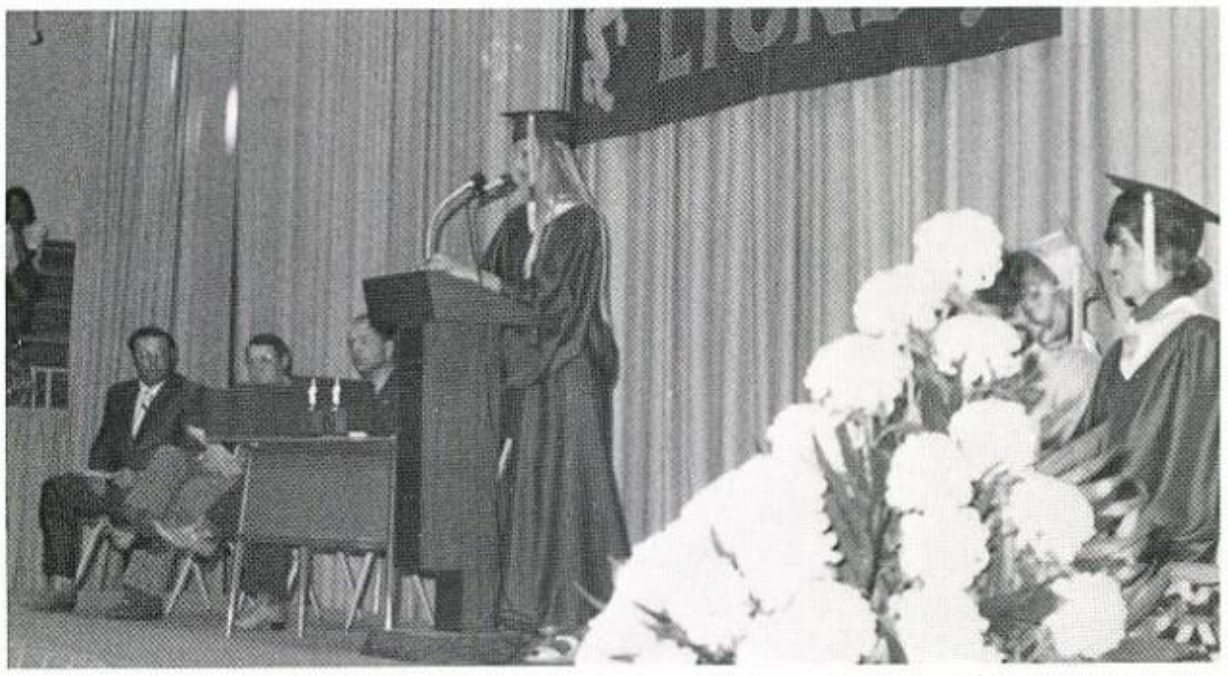


The honors of the Highest Ranking Boy went to Ronald Flinn.

The help of the faculty, the school board, and most of all the parents and friends really made the difference in making this class a good one.

1976

Some of the Seniors will be going to college to further their education, some will work, and others will find something else to do with their future, but whatever they do achieve they're sure to deserve.



Valedictorian, Julia Kueton, gives a heart-warming speech to the Class of 1976.

Here for the last time together are the Seniors of 1976 waiting for that special moment to be awarded their diplomas and become ex-seniors of New Deal High School.

The Senior Class of 1976.

"The last mile"... significant steps toward a life's fulfillment... climaxing a delicate balance of extra curricular and academic pursuits... to be reenacted in other places... other times.

Chuck Thiel expresses his happiness.

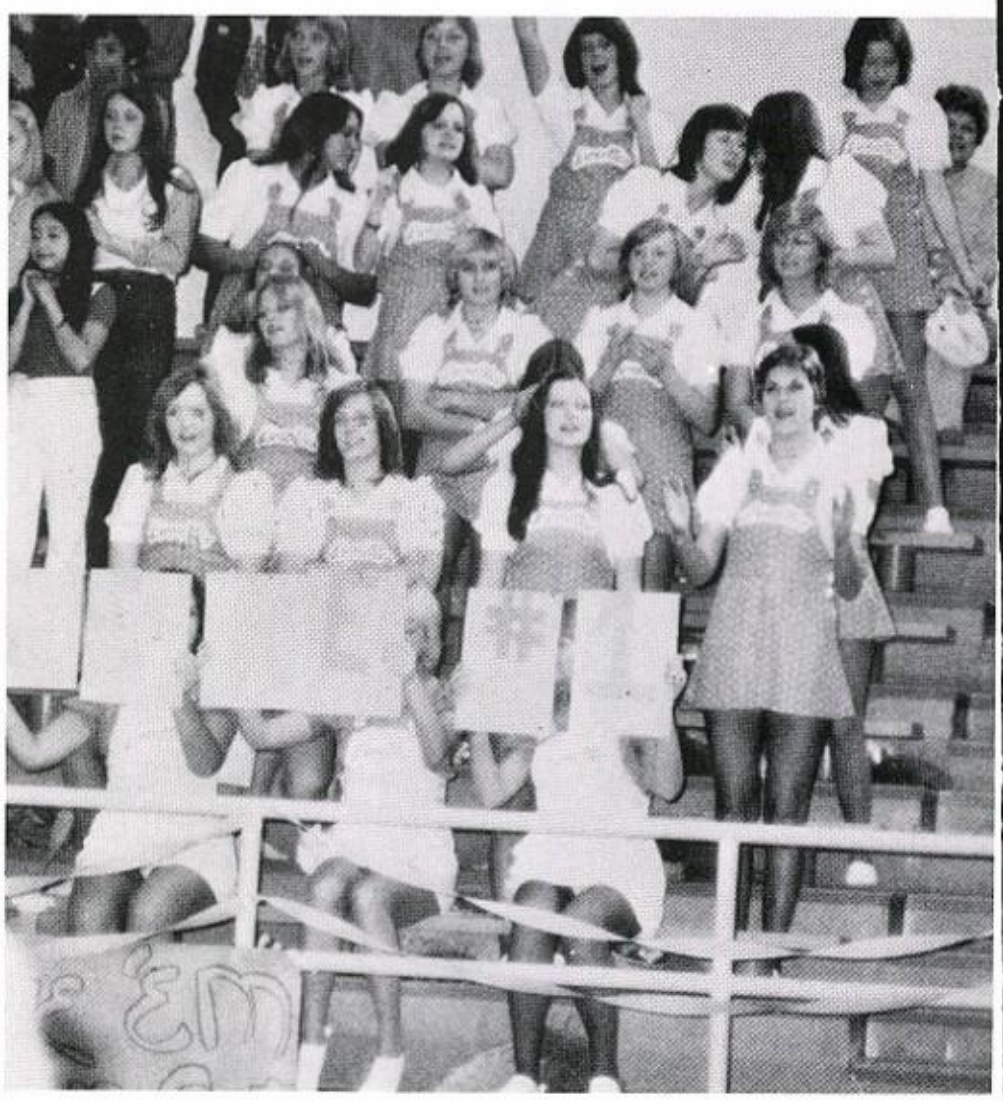
Burr-r-r it's cold!



We're No. 1

Shake 'em!

The Lionettes did a really great job this year performing in the pep rallies and at half time of the football games. They really helped to boost the boys on to victory by painting up their cars, making victory lines for them at pep rallies and football games, and cheering them on in every way all the way to the state quarter-finals.

A lot of hard work and time was put forth by the Lionettes and it's great to have a group like this who show so much spirit and enthusiasm in their school.

Through all the years to come, we will remember the good times, bad times, all the times.

All the times we had to think and contemplate . . . the times that were just for fun. Memories are lasting.

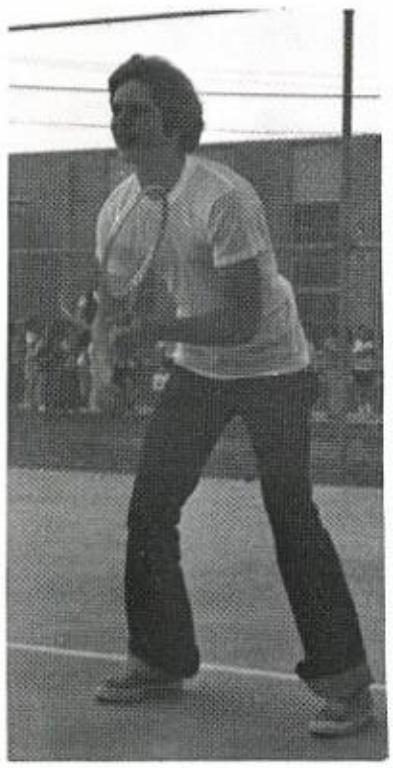
Fall activities got cheerleaders, band members, the pep squad, and the drill team to swing into action during one of the most exciting years in the history of NDHS.

The spirit of competition soared as the Lions learned the sweet taste of VICTORY!



The Spirit of '76 grew from the opening kick-off to the last few seconds of the state quarter-finals game and from the opening tip-off to the last few seconds of the girls bi-district basketball game. A year of competition saw New Deal win both football and girls basketball district titles. Athletes and fans were thrilled and saddened in a year filled with the excitement of competition.

The Blue Sky Energy.

We can't take credit for it. That's just the way it happens to be. Natural gas is clean burning. Doesn't dirty the air. It helps preserve the clean, blue skies of today for tomorrow.

What we can take credit for is working to provide a continuous supply of clean gas energy . . . to warm people, to cool people, to cook their meals, to heat their water, to dry their clothes . . . gas to help industry do its work.

Clean, efficient, versatile Natural Gas . . . the blue sky energy for today and tomorrow.
